

Lavinia's Chinese Barbecue Ribs

These ribs are really easy to make and incredibly tasty. They always get raves when I make them. Hoisin sauce can be purchased at any Chinese grocery, and some of the fancier supermarkets

For marinade, mix together

1 cup hoisin sauce

1/4 cup sherry

Stir together well. Pour over

2 pounds pork butt "country ribs", boneless

Allow to marinate overnight. Barbecue the ribs, using the remaining marinade to baste.
